Traffic Advisory: Road work on KY 7 at Morton Hill in South Shore
One lane traffic starts this week

FLEMINGSBURG, Ky. – A landslide correction project on KY 7 at Morton Hill in South Shore will require one-lane traffic beginning this week.

Contractors began installation of signs, barrier wall and other traffic control measures Monday, Aug. 27, on KY 7 just south of downtown South Shore. By later this week or early next week, contractors expect to have temporary traffic signals in operation.

Traffic will be maintained in one lane with signals the duration of the project. However, motorists should watch for flaggers and changing traffic patterns during work days, and watch message boards.

Motorists should heed all warning signs, slow down in work zones and remain aware of workers and construction equipment when traveling.
